PROFILE SUMMARY

Technology-focused undergraduate with a strong foundation in core computer science, algorithms, and system architecture. Actively building hands-on skills in full-stack web development, modern frontend frameworks, backend development, databases, and AI-powered applications. Quick learner focused on building and deploying practical projects.

TECHNICAL SKILLS

Languages	C, C++, JavaScript, HTML, CSS
Frontend	React.js, Tailwind CSS, Responsive Web Design
Backend & Database	Node.js, Express.js, MongoDB, MySQL
Tools	Git & GitHub, VS Code, Postman
Other	REST APIs, Authentication, AI/LLM Concepts

PROJECTS

Recall AI — Second Brain AI

Live: [recall-ai-ashen.vercel.app](#)

An intelligent content organization platform that automatically collects, categorizes, and manages saved content using AI. The system dynamically creates personalized libraries instead of relying only on predefined folders.

- AI-powered content categorization, smart tags, summaries, and dynamic library creation.
- Semantic search helps users find saved content using natural-language queries.
- Designed around an AI pipeline for metadata extraction, summarization, classification, embeddings, and search.

Tech: React, Tailwind CSS, Redux Toolkit, React Router, Node.js, Express.js, TypeScript, MongoDB, JWT/OAuth, AI/LLM and vector-search concepts.

Wanderlust — Full-Stack Travel Platform

Live: [wanderlust-theta-murex.vercel.app](#)

A full-stack MERN-based travel listing application inspired by platforms like Airbnb. Users can explore listings, create and manage their own properties, review listings, give star ratings, and submit reviews using voice input.

- Authentication: signup, login, logout, and session-based route protection.
- Listing management: authenticated users can create listings; owners can edit or delete their own listings.
- Reviews & ratings: users can add star-rated reviews, while only the review author can delete their review.
- Voice review: Web Speech API converts spoken reviews into text before submission.

Tech: EJS, HTML, CSS, JavaScript, Node.js, Express.js, MongoDB/Mongoose, Passport.js, Web Speech API.

EDUCATION

B.Sc. IT (Honours) — Ranchi University (Doranda College)

Currently in Semester I

Intermediate in Science (I.S.C) — BSEB

Completed in 2023

Matriculation (I.C.S.E)

Completed in 2021

ADDITIONAL INFORMATION

Languages	English, Hindi
Date of Birth	27/03/2005
Gender	Male
Nationality	Indian
